Aescul Pharma - Committed to Human Health

Derived from Aesculapius, the Roman God of Medicine and Healing, **Aescul Pharma** reflects a heritage built on trust, care, and medical excellence. With over 30 years of experience in the pharmaceutical industry, we specialize in the direct marketing and distribution of high-quality formulations to healthcare professionals.

Backed by our own advanced manufacturing facility, we ensure:

- Consistent product quality
- Evidence-based formulations
- Timely and reliable supply

Our mission is to support doctors in delivering optimal patient outcomes by providing clinically-relevant, safe, and effective healthcare solutions - right from our production line to your practice.

State-of-the-Art Manufacturing Excellence

Our products are backed by our in-house manufacturing facility, Alapati Pharma, a CGMP and ISO 9001:2015 certified company with expertise in producing a diverse range of pharmaceutical formulations. With cutting-edge technology, stringent quality control measures, and regulatory compliance, we ensure that every product meets the highest industry standards.

Trusted by Healthcare Professionals

Quality and reliability are the pillars of our success. More than 10,000 doctors and chemists across India trust and prescribe our products, reflecting the efficacy and consistency of our formulations. This trust drives us to innovate and enhance patient outcomes while maintaining the highest standards of pharmaceutical excellence.
